

**EMERGENCY MEDICAL SERVICES
COMMISSION MEETING MINUTES**

DATE: May 17, 2018
TIME: 10:00am
LOCATION: Zionsville Town Hall
1100 W. Oak St.
Zionsville, IN 46077

MEMBERS PRESENT:

G. Lee Turpen II	(Private Ambulance)
John Zartman	(Training Institution)
Myron Mackey	(EMTs)
Mike Garvey	(Indiana State EMS Director)
Matthew McCullough	(Volunteer Fire and EMS)
Charles Valentine	(Municipal Fire)
Sara Brown	(Trauma Physician)
Darin Hoggatt	(Paramedics)
Terri Hamilton	(Volunteer EMS)
Melanie Jane Craigin	(Hospital EMS)
Thomas A Lardaro	(Air Medical Services)
John P. Ryan	(General Public)

MEMBERS NOT PRESENT:

Andrew Bowman	(RN)
Stephen Champion	(Medical Doctor)
John Brown	(Director of Preparedness and Training)

OTHERS PRESENT: Field Staff, Robin Stump, Tony Pagano, Candice Pope, and members of the EMS Community.

CALL TO ORDER AND ROLL CALL

Meeting called to order at 10:00am by Chairman Lee Turpen. Mrs. Candice Pope called roll and announced quorum. Everyone stood for the Pledge of Allegiance. Chairman Turpen called for a moment of silence for all those lost in EMS, the Fire Service, and Law Enforcement since the last Commission meeting. The two new members of the EMS Commission were introduced Mr. John P. Ryan in the General Public seat and Dr. Thomas A Lardaro in the Air Medical Services seat.

ADOPTION OF MINUTES

- a. Adoption of minutes from the March 15, 2018 session.

A motion was made by Commissioner Mackey to accept the minutes as written. The motion was seconded by Commissioner Hoggatt. Commissioner S. Brown requested that since there are now two Commissioner Brown's on the Commission that a first name or initial be used so there is distinction between the two in the minutes. The motion passed.

HONORARY CERTIFICATION

Ms. Valerie Clark read into record the following honorary certification request:

May 9, 2018

TO: Indiana EMS Commission
FROM: Phoenix Paramedics Solutions, LLC
RE: Lifetime Allen "Skippy" Borck

Dear Sirs and Madams,

We are submitting this letter so that you will consider our friend and colleague, Allen "Skippy" Borck, for an Honorary Lifetime Recognition Award from the Indiana EMS Commission. Allen has worked in the field of EMS for 37 years, has been a nationally certified paramedic in the State of Indiana for 33 years. Allen has also served as a certified EMS educator for over 29 years, teaching hundreds of aspiring EMTs the skills and knowledge they need to begin their careers in EMS.

Throughout his long and distinguished EMS career, Allen has served as a role model for meeting the highest standards of professionalism, outstanding patient care and the pursuit of excellence. During his decades of dedicated work and teaching, Allen has made a significant impact on those whose lives he has saved, on those who have had the privilege of working with him, and on the field of EMS in Indiana.

While we are saddened by Allen's retirement from Emergency Medical Services, we also recognize that Skippy's lengthy service and his continued support for those working in EMS will continue to have a positive impact for years to come. Much like the ripples that occur when a stone is cast into water, Allen's work and dedication will ripple throughout the Indiana EMS community for many years.

It is for these reasons that we humbly request that the Indiana EMS Commission honor Allen Borck with an Honorary Lifetime Recognition Award.

Sincerely, Valerie Clark

EMT, Director of Operations, Phoenix Paramedic Solutions, LLC

A motion was made by Commissioner Zartman to approve the honorary certification. The motion was seconded by Commissioner Hamilton. The motion passed.

State Fire Marshal James Greeson addressed the Commission announcing the return of EMS State Director Mike Garvey's from leave.

INDIANA DEPARTMENT OF HEALTH

Mrs. Katie Hokanson reported that the Department of Health held the Medical Director's conference in March. There were 110 attendees. Everything went well they have received feedback on things that went well and things they can improve on for next year. Mrs. Hokanson reported out regarding the First Responder Comprehensive, Addiction, and Recovery Grant. 122 first responders with Naloxone kits have been distributed. Next meeting will be June 15th at Indiana Government Center South Building.

EMS FOR CHILDREN

Ms. Margo Knefelkamp reported that the 7th annual Pediatric Hero awards breakfast will be May 23rd. The breakfast will start at 9am. Dr. Weinstein's welcome will start at 9:15am. RSVP until tomorrow (May 18th). IEMSC is seeking EMS services that have appointed a Pediatric Emergency Care Coordinator or PECC to participate in a 3 focus sessions in the fall to discuss responsibilities, quality improvement, barriers to the PECC implementation, conducting Pediatric skills assessment, developing and implementing Pediatric guidelines and best practices. IEMSC is celebrating the results of the survey.

TECHNICAL ADVISORY COMMITTEE (TAC)

Chairman of the TAC Leon Bell reported that the TAC did not meet due to a mandatory IDHS staff meeting. The next meeting is set for June 8th.

INDIANA EMERGENCY MEDICAL SERVICES ASSOCIATION (IEMSA)

Mr. Metz reported that there is a conference coming up in Lafayette in September. Save the date cards will be coming out soon. The association will be doing a fatigue study during EMS week and the hot line number will be pushed out for people to call in to do a survey on. Mr. Faril Ward talked about the Southeast Trans roll out that is supposed to take place June 1st. There is a lot of confusion among all involved. Mr. Ward reported that several members have been lobbying FSSA and the Governor's office to slow down the roll out. This is going to have a huge impact on EMS. Mr. Ward is asking that everyone write, email, or call their representatives, FSSA, and the Governor's office to ask them to delay the roll out so that everyone can get educated and prepare for this to happen. This only applies to fee for service. It was stated that the EMS Commission and Indiana Department of Homeland Security did not have any knowledge of this until EMS services started receiving letters. Discussion followed regarding roamers that have been floating around.

INDIANA FIRE CHIEFS ASSOCIATION

Mr. Douglas Randall the co – chair of the EMS Section reported they are still working on the EMS Safety boot camp. When more information is available it will be sent out. Indiana Fire Chiefs association is going to be meeting with key players in EMS to get the "hot button" issues. The IREC will be in September registration will be opening soon. There are over 100 sessions already scheduled.

EMS EDUCATION WORKING GROUP

Mr. Jeff Quinn reported that their last meeting was held at FDIC. They had a very good turnout at the meeting. The group is using Facebook Live. Mr. Quinn was re-elected as chairman. Mrs. Jana Szostek was re-elected as secretary. Mr. George Schulp stated as co-chairman. There was a lot of discussion about the change over to the National Registry exam from the state EMT exam. IFD changed the information they were delivering to their recruit class. The first round of using the new information they had a 70% first time pass rate. Since then they have had a 91% first time pass rate.

The group has been working with Mr. Tony Pagano to mentor the low performing Training Institutions. There is a sub group that is developing new scenarios for the EMT practical exams. The group will be finishing the AED/CPR skills sheets.

PERSONNEL WAIVER REQUESTS

The following is requesting a waiver of 836 IAC 4-9-4 Application for certification; renewal Authority: IC 16-31-2-7; IC 16-31-3-14; IC 16-31-3-14.5; IC 16-31-3-20 Affected: IC 16-31-3 Sec. 4. (a) Application for certification as a paramedic shall be made on forms provided by the agency. An applicant shall: (1) complete the required forms; and (2) submit the forms to the agency. (b) All applicants for original certification shall provide evidence of compliance with the requirements for certification. (c) Certification as a paramedic shall be valid for two (2) years. (d) Individuals who have failed to comply with the continuing education requirements shall not exercise any of the rights and privileges nor administer advanced life support services to emergency patients. (e) If a properly completed renewal application is submitted within one hundred twenty (120) calendar days after the expiration of the certification, together with the required documentation to show that the applicant has completed all required continuing education within the two (2) years prior to the expiration of the certification, and a fifty dollar (\$50) reapplication fee, the certification will be reinstated on the date that the commission staff determines that the required application, documentation, and reapplication fee have been properly submitted. The expiration date will be two (2) years from the expiration of the previous, expired certification. (f) An individual wanting to reacquire a certification shall complete a paramedic recertification training course and successful completion of state written and practical skills examinations as set forth and approved by the commission. If the individual fails the certification examinations, the person shall retake an entire paramedic training course. (Indiana Emergency Medical Services Commission; 836 IAC 4-9-4; filed Jun 30, 2000, 4:18 p.m.: 23 IR 2758; filed Jun 11, 2004, 1:30 p.m.: 27 IR 3577; filed Jul 31, 2007, 10:01 a.m.: 20070829-IR-836060011FRA; readopted filed Jul 29, 2010, 8:07 a.m.: 20100825-IR-836100267RFA; filed Mar 25, 2011, 10:24 a.m.: 20110420-IR-836100361FRA; readopted filed Oct 31, 2016, 1:48 p.m.: 20161130-IR-836160328RFA) Veronica is asking for an extension to be able to complete her skills and continuing education hours after she returns to work from her illness. Staff recommendation: Table until next meeting.

Veronica Hensley

A motion was made by Commissioner Zartman to table the waiver until the next meeting. The motion was seconded by Commissioner Valentine. The motion passed.

The following is requesting a waiver of 836 IAC 4-5-2 Certification and recertification; general Sec. 2. (a) Application for certification will be made on forms and according to procedures prescribed by the agency. In order to be certified as an emergency medical services primary instructor, the applicant shall meet one (1) of the following requirements: (1) Successfully complete a commission-approved Indiana emergency medical services primary instructor training course and complete all of the following: (A) Successfully complete the primary instructor written examination. (B) Successfully complete the primary instructor training program. (C) Be currently certified as an Indiana emergency medical technician. (D) Successfully pass the Indiana basic emergency medical services written and practical skills examinations within one (1) year prior to applying for certification as a primary instructor. (2) Successfully complete a training course equivalent to the material contained in the Indiana emergency medical service primary instructor course and complete all of the following: (A) successfully complete the primary instructor written examination. (B) Successfully complete the primary instructor training program. (C) Be currently certified as an Indiana emergency medical technician. (D) Successfully pass the Indiana basic emergency medical services written and practical skills examinations within one (1) year prior to applying for certification as a primary instructor. The candidates listed below are requesting a waiver of successfully passing the Indiana basic EMT written and practical skills examinations. Staff recommends: Approve based on previous Commission action (last meeting this was approved was January 18, 2018)

i. Aaron Bolinger

- ii. Richard Carpenter
- iii. Daniel Carter
- iv. Jason Fisher
- v. Brandon Hallman
- vi. Garth Kagels
- vii. Michael Kearney
- viii. Jamie Ramos
- ix. Allison Roberts (Sparacino)
- x. Lynn M. Sabayan
- xi. Carl E. VanMatre

A motion was made by Commissioner Zartman to approve staff recommendation. The motion was seconded by Commissioner Valentine. The motion passed.

The following is requesting a waiver of United States Steel (US Steel) 836 IAC 4-4-1 General certification provisions Authority: IC 16-31-2-7 Affected: IC 16-31-3 (e) Emergency medical technicians shall comply with the following: (1) An emergency medical technician shall not perform procedures for which the emergency medical technician has not been specifically trained: (A) in the Indiana basic emergency medical technician curriculum; and (B) that have not been approved by the commission as being within the scope and responsibility of the emergency medical technician. The following individuals are requesting a renewal of their waiver to use the Morgan lens while working at the United States Steel facility. Staff recommends approval based on previous Commission action. Jana Szostek read the following names into record:

- i. Matthew Adams
- ii. Melanie Bales
- iii. Pamela Baros
- iv. Alexis Banks Betsacon
- v. John Blumer
- vi. Jason Bogue
- vii. Darrell Bolin
- viii. Christopher Brady
- ix. Ryan Brady
- x. Jason Builta
- xi. Roy Burgess
- xii. Todd Christian
- xiii. Dale Daniels
- xiv. Kaitlyn Dick
- xv. Jeffrey Duca
- xvi. Korey Duvall
- xvii. Bradley Elias
- xviii. Gary Elliott
- xix. Robert Groszewski III
- xx. Sheryl Hayes
- xxi. Dennis Hill
- xxii. Erik Jacobson
- xxiii. Boe Jones
- xxiv. Russell Jorgensen
- xxv. Alex Kaeb
- xxvi. Ray Kane
- xxvii. Jason Kimbrough
- xxviii. Brian Kishel

- xxix. Kevin Kraus
- xxx. Nicholas Lambert
- xxxi. Chris Lundy
- xxxii. Douglas Olson
- xxxiii. Wilfred Ortiz
- xxxiv. Sonny Ofano
- xxxv. Ronald Patterson
- xxxvi. Cody Penfold
- xxxvii. Matthew Pepelea
- xxxviii. Brandon Piggee
- xxxix. Andrew Pike
- xl. Christopher Plewniak
- xli. Michael Poch
- xl.ii. Joseph Rhoades
- xl.iii. Jose Rodriguez
- xl. iv. Joseph Rumback
- xl. v. Ismael Maldonado
- xl. vi. Scott Mann
- xl. vii. David Marek
- xl. viii. Michael Meinert
- xl. ix. Kevin Nowaczyk
- l. Ryan Samanas
- li. Hector Sandoval
- lii. Joseph Scibor
- liii. David Semplinski
- liv. Shelby Sharpless
- lv. Leslie Simpson
- lvi. William Slosser
- lvii. Gregory Smith
- lviii. David Snell
- lix. Jonathon Stewart
- lx. Andrew Svitko
- lxi. George Tagler
- lxii. Brian Wagner
- lxiii. George Wright Jr.
- lxiv. Jonathan Young
- lxv. Brett Zaiko
- lxvi. James Zube

A motion was made by Commissioner Zartman to approve staff recommendation. The motion was seconded by Commissioner Valentine. The motion passed. Chairman Turpen stated that he would like to look at putting the Morgan Len's into the rules for EMT's to use again.

The following requested a waiver of Emergency Rule LSA Document #12-393(E) Section 49 (f) Advanced emergency medical technicians shall: (1) not perform a procedure for which the advanced emergency medical technician has not been specifically trained: (A) in the Indiana emergency medical technician basic and the Indiana advanced emergency medical technician curriculums; or (B) that has not been approved by the commission as being within the scope and responsibility of the advanced emergency medical technician; The following individuals are requesting a renewal of their waiver to use the Morgan lens, CPAP and the following medications while working at the United States Steel facility: Cyanokit , Epinephrine 1:10,000, Toradol, Zofran ODT, Atrovent. Staff Recommends: Approval based on previous Commission action. Jana Szostek read the

following names into record:

- i. Robert Engelhardt
- ii. Michael Moskalick
- iii. Ediz Null
- iv. Rachel Peyovich
- v. Ryan Samanas
- vi. James Saunders
- vii. Kevin Stumpe
- viii. Jeff Szostek
- ix. Aaron West
- x. James White Sr.

A motion was made by Commissioner Valentine to approve staff recommendation. The motion was seconded by Commissioner Zartman. The motion passed.

PROVIDER WAIVER REQUESTS

The following is requesting a waiver of (h) A paramedic ambulance service provider organization must be able to provide a paramedic level response. For the purpose of this subsection, "paramedic response" consists of the following: (1) A paramedic. (2) An emergency medical technician or higher. (3) An ambulance in compliance with the requirements of section 3(e) of this rule. (4) During transport of the patient, the following are the minimum staffing requirements: (A) If paramedic level advanced life support treatment techniques have been initiated or are needed: (i) the ambulance must be staffed by at least a paramedic and an emergency medical technician; and (ii) a paramedic shall be in the patient compartment. Crown Point is asking for a waiver for their backup ambulance. They would like that if their back up ambulance is needed and they don't have a EMT to respond with the paramedic to allow an firefighter/EMR. Staff recommends: approve based on previous Commission action and 6 months updates

Crown Point Fire Rescue

A motion was made by Commissioner Zartman to approve the waiver. The motion was seconded by Commissioner Hoggatt. The motion was approved.

The following is requesting a waiver of Rule 2. Requirements and Standards for Paramedic Organizations 836 IAC 2-2-1 General requirements for paramedic provider organizations (h) A paramedic ambulance service provider organization must be able to provide a paramedic level response. For the purpose of this subsection, "paramedic response" consists of the following: (1) A paramedic. (2) An emergency medical technician or higher. (3) An ambulance in compliance with the requirements of section 3(e) of this rule. (4) During transport of the patient, the following are the minimum staffing requirements: (A) If paramedic level advanced life support treatment techniques have been initiated or are needed: (i) the ambulance must be staffed by at least a paramedic and an emergency medical technician; and (ii) a paramedic shall be in the patient compartment. (B) If an emergency medical technician-intermediate level advanced life support treatment techniques have been initiated or are needed: (i) the ambulance must be staffed by at least an emergency medical technician-intermediate and an emergency medical technician; and (ii) an emergency medical technician-intermediate shall be in the patient compartment. (C) If advanced life support treatment techniques have not been initiated and are not needed: (i) the ambulance must be staffed by at least an emergency medical technician; and (ii) an emergency medical technician shall be in the patient compartment. Patients Transport Service is requesting a renewal waiver of the staffing requirements for an ALS response. They would like to replace the paramedic with a Indiana licensed registered nurse when taking a patient from Dearborn County Hospital to primary specialty centers in Cincinnati and other cities. In 2017 they transporting 75 patients during the last previous waiver time frame.

Patient Transport Services

A motion was made by Commissioner Valentine to approve staff recommendation. The motion was seconded by Commissioner Zartman. The motion was approved.

The following requested a waiver 836 IAC 1-4-2 Emergency medical services vehicle radio equipment Sec. 2. (a) All communication used in emergency medical service vehicles for the purpose of dispatch or tactical communications shall demonstrate and maintain the ability to provide a voice communications linkage with the emergency medical service provider organization's dispatch center within the area that the emergency medical service provider organization normally serves or proposes to serve. (b) Communication equipment used in emergency medical services vehicles shall be appropriately licensed through the Federal Communications Commission, when applicable. The maximum power of the transmitter shall be not more than the minimum required for technical operation, commensurate with the: (1) size of the area to be served; and (2) local conditions that affect radio transmission and reception. (c) All emergency medical services vehicles shall be equipped with two (2) channels or talk-groups as follows: (1) One (1) channel or talk-group shall be used primarily for dispatch and tactical communications. (2) One (1) channel or talk-group shall be 155.340 MHz and have the proper tone equipment to operate on the Indiana Hospital Emergency Radio Network (IHERN) unless the provider organization vehicles and all the destination hospitals within the operational area of the provider organization have a system that is interoperable with the Indiana statewide wireless public safety voice and data communications system. Patients Transport Service is requesting a renewal waiver of the communications rule requiring one channel to be IHERN. Their primary communication is cellular phone and tablet computers in the ambulance. Not all ambulances are equipped with two way radios and the ones that do are not compatible with the IHERN network. They transported 75 patients during the previous waiver time frame.

Patient Transport Services

A motion was made by Commissioner Valentine to approve the waiver request. The motion was seconded by Commissioner Hoggatt. The motion was approved.

The following is requesting a waiver of (h) A paramedic ambulance service provider organization must be able to provide a paramedic level response. For the purpose of this subsection, "paramedic response" consists of the following: (1) A paramedic. (2) An emergency medical technician or higher. (3) An ambulance in compliance with the requirements of section 3(e) of this rule. (4) During transport of the patient, the following are the minimum staffing requirements: (A) If paramedic level advanced life support treatment techniques have been initiated or are needed: (i) the ambulance must be staffed by at least a paramedic and an emergency medical technician; and (ii) a paramedic shall be in the patient compartment. (B) If an emergency medical technician-intermediate level advanced life support treatment techniques have been initiated or are needed: (i) the ambulance must be staffed by at least an emergency medical technician-intermediate and an emergency medical technician; and (ii) an emergency medical technician-intermediate shall be in the patient compartment. (C) If advanced life support treatment techniques have not been initiated and are not needed (i) the ambulance must be staffed by at least an emergency medical technician; and (ii) an emergency medical technician shall be in the patient compartment. Richland Twp FD is asking for a waiver of the 24 hour rule. They currently have 3 members certified as the ADV EMT Level and have 6 more members currently enrolled in an ADV EMT Course. Staff recommends: approve based on previous Commission action and 6 months updates

Richland Township Fire Department

A motion was made by Commissioner Mackey to approve staff recommendation. The motion was seconded by Commissioner Valentine. The motion passed.

The following is requesting a waiver of Rule 2. Requirements and Standards for Paramedic Organizations 836 IAC 2-2-1 General requirements for paramedic provider organizations (h) A paramedic ambulance service provider organization must be able to provide a paramedic level response. For the purpose of this subsection, "paramedic response" consists of the

following: (1) A paramedic. (2) An emergency medical technician or higher. (3) An ambulance in compliance with the requirements of section 3(e) of this rule. (4) During transport of the patient, the following are the minimum staffing requirements: (A) If paramedic level advanced life support treatment techniques have been initiated or are needed: (i) the ambulance must be staffed by at least a paramedic and an emergency medical technician; and (ii) a paramedic shall be in the patient compartment. (B) If an emergency medical technician-intermediate level advanced life support treatment techniques have been initiated or are needed: (i) the ambulance must be staffed by at least an emergency medical technician-intermediate and an emergency medical technician; and (ii) an emergency medical technician-intermediate shall be in the patient compartment. (C) If advanced life support treatment techniques have not been initiated and are not needed: (i) the ambulance must be staffed by at least an emergency medical technician; and (ii) an emergency medical technician shall be in the patient compartment. Warren County EMS is requesting a waiver of the staffing requirements for an ALS inter-facility transfers. They would like to replace the paramedic with an Indiana licensed registered nurse when taking a patient during a transfer. Staff recommends: Approve based on previous Commission action 6 months updates.

Warren County EMS – St. Vincent Williamsport

Commissioner Craigin abstained from the vote. A motion was made by Commissioner Valentine to approve staff recommendation. The motion was seconded by Commissioner Zartman. The motion was approved.

The following requested a waiver of SECTION 16. (a) This SECTION supersedes 836 IAC 2-7.2-3 (B) Endotracheal intubation devices, including the following: (i) Laryngoscope with extra batteries and bulbs. (ii) Laryngoscope blades (adult and pediatric, curved and straight). (iii) Disposable endotracheal tubes, a minimum of two (2) each, sterile packaged, in sizes 3, 4, 5, 6, 7, 8, and 9 millimeters inside diameter. (D) Medications limited to, if approved by the medical director, the following: (i) Acetylsalicylic acid (aspirin). (ii) Adenosine. (iii) Atropine sulfate. (iv) Bronchodilator (beta 2 agonists): (AA) suggested commonly administered medications: (aa) albuterol; (bb) ipratropium; (cc) isoetharine; (dd) metaproterenol; (ee) salmeterol; (ff) terbutaline; and (gg) triamcinolone; and (BB) commonly administered adjunctive medications to bronchodilator therapy: (aa) dexamethasone; and (bb) methylprednisolone. (v) Dextrose. (vi) Diazepam. (vii) Epinephrine (1:1,000). (viii) Epinephrine (1:10,000). (ix) Vasopressin. (x) Furosemide. (xi) Lidocaine hydrochloride, two percent (2%). (xii) Amiodarone hydrochloride. (xiii) Morphine sulfate. (xiv) Naloxone. (xv) Nitroglycerin. US Steel is requesting a renewal waiver of the equipment and medications in the Intermediate rules. US Steel has ADV EMTs that are certified at the ALS level. Currently our rules do not have ADV EMT so the provider needs to follow the rules at the intermediate level. Staff recommends approval based on previous Commission action.

US Steel

A motion was made by Commissioner Mackey to approve staff recommendation. The motion was seconded by Commissioner Valentine. The motion was approved.

The following requested a waiver of 836 IAC 2-7.2-3 Emergency medical technician-intermediate provider organization operating procedures Authority: IC 16-31-2-7; IC 16-31-3-14; IC 16-31-3-14.5; IC 16-31-3-20 Affected: IC 16-31-3 d) The emergency medical technician-intermediate provider organization shall ensure the following: (1) That stocking and administration of supplies and medications are limited to the Indiana emergency medical technician-intermediate curriculum. Procedures performed by the emergency medical technician-intermediate are also limited to the Indiana emergency medical technician-intermediate curriculum. United States Steel is requesting a waiver of adding CPAP, Cyanokit, Epinephrine 1:10,000, Toradol, Zofran and Atrovent. This is a renewal of a waiver granted in January 2013. Staff recommends: Approval based on previous Commission action

US Steel

A motion was made by Commissioner Valentine to approve staff recommendation. The motion was seconded by Commissioner Zartman. The motion was approved.

The following requested a waiver of 836 IAC 1-1-8 Operating procedures Authority: IC 16-31-2-7; IC 16-31-3-14; IC 16-31-3-14.5; IC 16-31-3-20 Affected: IC 4-21.5; IC 16-31-3 (g) An emergency medical service provider organization shall not engage in the provision of advanced life support unless the: (1) emergency medical service provider organization is certified under 836 IAC 2; and (2) vehicle meets the requirements of 836 IAC 2. United States Steel is requesting a waiver of adding to the EMT's and ADV EMT's the use of Morgan lens. This is a renewal of a waiver. Staff recommends: Approval based on previous Commission action.

US Steel

A motion was made by Commissioner Valentine to approve staff recommendation. The motion was seconded by Commissioner Hoggatt. The motion was approved.

EMS PROVIDER WAIVER REPORT

Knox County EMS reported their usage of their waiver. Information submitted to the Commission for members review no action required. None taken.

OLD BUSINESS

- a. Tables Business and/or waivers
 - a. PA, NP Nurse Bridge program – Commissioner Bowman was not present at this meeting so it was tabled again until the July meeting.
- b. Current ongoing studies
 - a. CPAP use at the BLS level
 - i. Mr. Chris McFarland reported the training program is finished. They will start training their people June 1st. Will have an update at the next meeting.
- c. Guidelines for Honorary and Emeritus certifications/license. Mr. Jason Smith presented the following guidelines for consideration by the Commission:

Honorary 'Lifetime' (cert level) certification/license –

1. awarded posthumously to a certification/license holder (or former certification/license holder) who makes the ultimate sacrifice and dies in the line of duty – may be approved and awarded at the discretion of the EMS staff w/o prior authorization of EMS Commission
2. awarded at the retirement or following the retirement of a certification/license holder (or former certification/license holder) to recognize individuals who have made sacrifices above and beyond the call of duty, as recognized by their department and/or by the State

(cert level) Emeritus –

1. awarded at the retirement or following the retirement of a certification/license holder (or former certification/license holder) to recognize individuals who have made significant contributions to emergency medical services – may be approved and awarded posthumously at the discretion of the EMS staff w/o prior authorization of EMS Commission

A motion was made by Commissioner Mackey to approve the guidelines. The motion was seconded by Commissioner Zartman. The motion was approved.

SUB COMMITTEE REPORTS

- A. Suicide Prevention work group
 - a. Mr. Mikel Fort reported to the Commission that the curriculum has been developed but the content has not been completed yet. Mr. Fort requested that the Commission approve the curriculum and making it mandatory to complete the training. The actual content will be brought back to the next Commission meeting. Ms. Whitney Nixon spoke more in depth about the training and content. Mr. Paul Miller talked about Brief Action Plan and what it is.

A motion was made by Commissioner Valentine to approve the curriculum and requiring the training for all EMS certified personnel. The motion was seconded by Commissioner McCullough. The motion was approved.

B. Stroke work group

- a. Mr. Stan Frank presented the draft protocol to the Commission. Some discussion followed. (see attachment # 1 for a copy of the draft)

A motion was made by Commissioner Mackey to approve the draft of the stroke protocol. The motion was seconded by Commissioner Valentine. The motion was approved.

C. Air Ambulance work group

- a. Mr. Jason Smith presented the draft guidelines to the Commission. Some discussion followed. (see attachment #2 for a copy of the draft with the updated information approved by the Commission)

A motion was made by Commissioner Valentine to approve the guidelines with Dr. Kaufmann's additions. The motion was seconded by Commissioner McCullough. The motion was withdrawn. Discussion followed. Commissioner Lardaro suggested changes to 2 (A) (i) change to read "air medical activation may include". A motion was made by Commissioner Valentine to have the guideline modified into the correct format by staff and amend to Commissioner Lardaro's suggestions. The motion was seconded by Commissioner Zartman.

Chairman Turpen called for a 15 minute break at 11:44am

Chairman Turpen called the meeting back to order at 12:03pm

ASSIGNMENTS

- a. Past Assignments
- b. Today's Assignments

ADMINISTRATIVE PROCEEDINGS

- a. Administrative Orders Issued
 - ii. 2 Year Probation
 1. Order number 0015-2018 Whetstine, Nicholas Andrew
No action required. None taken
 - iii. Revocation
 1. Order number 0013-2018 Joseph, Jeanan M.
No action required. None taken
 - iv. Emergency Suspension
 1. Order number 0014-2018 Joseph, Jeanan M.
No action required. None taken.

b. Non-Final Orders

- i. Tonya Moore

A motion was made by Commissioner Mackey to affirm the non-final order. The motion was seconded by Commissioner Zartman. The motion was approved.

STAFF REPORTS

- A. Data Report – Ms. Robin Stump reported that there are still provider organizations that are not reporting. The agency is asking the Commission to give a drop dead date to be compliant with reporting and sanctions that will be levied if they do not become compliant by the drop dead date. Discussion followed.

A motion was made by Commissioner Valentine to exempt all non-transporting agencies from reporting data. The motion was withdrawn after further discussion.

A motion was made by Commissioner Valentine to table the issue until the next Commission meeting. The motion was seconded by Commissioner Zartman. Commissioner Hoggatt abstained from the vote. The motion was approved to table.

EMS State Medical Director Dr. Michael Kaufmann talked about the EMS registry and demonstrated the Naloxone heat map. Dr. Kaufmann described what it does and what it represents. Dr. Kaufmann gave accolades to Management Performance Hubb for their work on the heat map. Dr. Kaufmann also presented the draft update to the data collection rule to the Commission.

A motion was made by Commissioner Zartman to approve the draft as presented. The motion was seconded by Commissioner McCullough. The motion was approved.

B. Operations Report – Ms. Robin Stump reminded everyone that next week is EMS week. Ms. Stump announced that the DMPU exercise that took place at the end of April that was led by Mr. Jason Smith went well. Field staff is out doing audits and inspections as normal. They continue to provide ImageTrend training to organizations that need it. We are working on getting the Pediatric Care Coordinator name on the renewal/initial applications for provider organizations.

C. Compliance Report- Mrs. Candice Pope reported the following:

Administrative Orders:

3 orders issued since the last meeting one probation, one revocation, and one emergency suspension

Letters:

50 violation letters sent since the last meeting

20 testing letters sent since the last meeting

We have hired a new secretary Lizabeth Handt. Teri Dermin accepted a new position with Fire certifications. We are interviewing for a second secretary position tomorrow (May 18).

Certifications report – (see attachment #3)

- a. Personnel report – no report given.
- b. Provider report – no action required. None taken

D. Training Report – (see attachment #4) – Mr. Tony Pagano talked about the report in the Commission packet. Mr. Pagano also talked about the progress of the mentor program.

Mrs. Elizabeth Westfall updated the Commission on training events that are upcoming. The state level exercise will take place on July 29- August 2nd. This exercise will focus on disaster recovery. 2019 will be a very busy year for exercises. Mrs. Westfall gave an overview of all of the training that is scheduled to take place in 2019. Mrs. Westfall talked about upcoming TECC and TCC courses. The available trainings are posted on Acadis for registration. Mrs. Westfall encouraged EMS to get involved in their TEPW.

Mr. Charlie Heflin talked about the Executive Leadership program and the status of the program and other upcoming training.

STATE MEDICAL DIRECTORS REPORT - Dr. Michael Kaufmann just passed the 90 day mark in office. Dr. Kaufmann thanked Zionsville for hosting our meeting. Dr. Kaufmann reminded everyone that EMS week is next week. Dr. Kaufmann gave an update on the things that he has been working on during his first 90 days in office. He talked about data and reports that he hopes to start generating. Dr. Kaufmann announced that IDHS has been given the nod to start working on a rewrite of 836. Discussed briefly the Southeast Trans issue. Dr. Kaufmann has been working with the Health Department for sustainment of the Naloxone program to replenish supplies. Dr. Kaufmann talked about the Pediatric Emergency Care

Coordinator. He also talked about model guidelines. Dr. Kaufmann also talked about safety issues and putting out a best practices regarding safety. He briefly talked about suicide prevention and continued work on the issue. Dr. Kaufmann talked about stop the bleed training. Dr. Kaufmann talked about the trauma center app that was developed during the hackathon. The app will be further developed.

CHAIRMAN'S REPORT AND DIRECTION- Chairman Turpen talked about the timeliness of the stroke discussion. Chairman Turpen relayed a personal story about stroke care in the field. Chairman Turpen talked about EMS education and the issues that are occurring in Indiana. He asked everyone to remember that it is a multifaceted issue. Chairman Turpen talked briefly about credentialing. Chairman Turpen talked about the importance of taking TC3 training. Chairman Turpen talked about getting involved in organization for EMS including the IEMSA. Chairman Turpen thanked Dr. Kaufmann for being involved in our organization.

NEXT MEETING

Zionsville Town Hall
1100 W. Oak St.
Zionsville, IN 46077
July 19, 2018
10:00 am

ADJOURNMENT

A motion was made by Commissioner Zartman to adjourn the meeting. The motion was seconded by Commissioner Hoggatt. The meeting was adjourned at 1:39pm.

Approved _____

G Lee Turpen, Chairman

Attachment #1

Stroke Field Triage and Transport Destination Protocol

Section 1

The purpose of this article is to provide a regulatory plan to ensure that suspected stroke patients in the pre-hospital setting are transported to the most appropriate hospital within the Indiana state stroke system based on field assessment by Emergency Medical Services (EMS) personnel.

The following definitions apply throughout this article:

"Hospital" means a hospital that is licensed under IC 16-21-2 or another hospital, located in Illinois, Kentucky, Michigan, that is licensed under a statute in that state that is substantially equivalent to IC 16-21-2, or another hospital, located in Ohio that is legally operating under the laws of the state of Ohio and that provides substantially the same level of care as an Indiana hospital that is licensed under IC 16-21-2.

"Stroke screening tool" means an evidence based nationally recognized tool that is used by emergency medical services personnel to identify and evaluate a neurological defect a patient may have as it relates to a stroke.

(i.e. CPSS, FAST, LA Stroke Severity Scale, NIHSS, or other appropriate scale approved by agencies medical director)

"Protocol" means a written guidance, prepared by the provider's medical director, detailing stroke treatment and destination procedures that shall be based on the findings of the stroke screening tool.

Section 2

Dispatch through the process of Emergency Medical Dispatch (EMD) determines the possibility of a stroke and notifies responding EMS Units. EMS crews are then dispatched per dispatch protocols.

Upon EMS arrival at the scene of a patient with suspected stroke, a provider must perform and document:

- An initial Stroke Screening Tool (i.e. CPSS, FAST, LA Stroke Severity Scale, NIH, or other appropriate scale approved by the agencies medical director)
- Obtain a blood glucose if available
- Identify and document time last known well and time of symptom discovery.

If the patient screens positive the provider may then perform an evidence based nationally recognized Large Vessel Occlusion (LVO) Stroke Scale. Examples of this include, but are not limited to the Rapid Arterial Occlusion Evaluation (RACE), FAST-ED, C-STAT, or other scale approved by the agencies medical director.

Patients determined to need stroke center care by virtue of their stroke screening tool, shall be transported to an appropriate stroke hospital. To meet the below standards, local EMS medical

directors shall develop protocols based on an assessment of local and regional hospital stroke capabilities. The appropriate stroke hospital destination shall be based on local and regional protocols which shall consider;

- Capability to administer TPA (alteplase) accurately, promptly, and safely
- Nationally recognized evidence based science
- Nationally recognized guidelines
- The list of available certified stroke centers and network participating hospitals published by ISDH.

Emergency medical services personnel shall provide early advance notification to the receiving hospital or stroke center whenever possible to allow appropriate activation of resources prior to patient arrival.

An example of an initial stroke screening tool:

Cincinnati Prehospital Stroke Scale

Facial Droop (have patient show teeth or smile):

Normal – both sides of face move equally well

Abnormal – one side of face does not move as well as the other side

Arm Drift (have patient close eyes and hold both arms out, palms up):

Normal – both arms move the same or both arms do not move at all

Abnormal – one arm does not move or one arm drifts down compared with the other

Speech (have the patient say, "you can't teach old dog new tricks"):

Normal – patient uses correct words with no slurring

Abnormal – patient slurs words, uses inappropriate words, or is unable to speak

An example of nationally recognized Large Vessel Occlusion (LVO) stroke scale:

RACE Stroke Scale

Facial Palsy	Absent	0
	Mild	+1
	Moderate/Severe	+2
Arm Motor Impairment	Normal/Minimal	0
	Moderate	+1
	Severe	+2
Leg Motor Impairment	Normal/Minimal	0
	Moderate	+1
	Severe	+2
Head and Gaze Deviation	Absent	0
	Present	+1
Hemiparesis (Left or Right)	<p>If LEFT hemiparesis <i>Ask the patient: (1) While showing patient the paretic arm, "Whose arm is this?" (2) "Can you lift both arms and clap?"</i></p> <p>Patient recognizes his/her arm and the impairment 0 Does not recognize his/her arm or the impairment +1 Does not recognize his/her arm AND the impairment +2</p>	
	<p>If RIGHT hemiparesis <i>Instruct the patient: (1) "Close your eyes" (2) "Make a fist."</i></p> <p>Performs both tasks correctly 0 Performs one task correctly +1 Performs neither task correctly +2</p>

Pope, Candice

From: Smith, Jason (DHS)
Sent: Friday, May 11, 2018 10:50 AM
To: Pope, Candice
Cc: Stump, Robin; Kaufmann, Michael; Garvey, Mike
Subject: SEA119 Committee Recommendation
Attachments: Senate Bill 119 Committee recommendation 1.4.2017.pdf
Importance: High

Candice,

Please include in the packet...

Attached is the committee's recommendation regarding SEA 119. This is the same recommendation forwarded to the Commission for review prior to the January meeting. Prior to the March meeting, I polled the committee members, inquiring if there was any further input, and reminding them that the initial draft was sent to the Commission with that caveat that it was just that, a draft, and that the committee may have modifications to bring forth to the March meeting. I received nothing from any committee members regarding further input and/or modifications.

After forwarding the information to Dr. Kaufmann, who was not initially involved in the committee but has since assumed the role of State EMS Medical Director, he replied with information regarding timely studies, as well as some data driven parameters he would like to see included in the statewide standards for HEMS. I will allow him to provide further input at the Commission meeting if he so desires, however the easiest to add to standards I feel would be the validated criteria in the Air Medical Prehospital Triage Score (AMPT).

From Dr. K –

Specifically as it applies to trauma – please look at Brown et. al, Surgery 2016

This study looked at more than 2,000,000 patients with trauma using the National Trauma Databank. These were scene triaged patients. This study was able to identify a decision rule that prospectively recognized those patients that were likely to benefit from flying vs. going by ground to a trauma center. The rule uses the CDC National Trauma Triage Protocol (which we use here in Indiana as part of our trauma system) and identified 7 criteria specifically.

GCS < 14

RR < 10 or > 29

Unstable Chest.

Paralysis

Hemo/Pneumothorax

Multisystem Trauma

Physiologic Criteria + Anatomic Criteria (had to have one from each category)

2 or more of any of these showed a clear benefit to air medical transport

This is called the Air Medical Prehospital Triage Score (AMPT)

These criteria were validated using the Pennsylvania Trauma Registry data and published in the Journal of Trauma 2017 – Brown et. al.

Jason R. Smith, EMT, PI, MDI | EMS District Manager

Senate Bill 119- Air ambulance

1. Evaluate the use in Indiana of air ambulance services on patient outcomes and;
 - a. There is limited and inconsistent reporting of prehospital data which includes air ambulance transports in Indiana. In the current state, the committee is unable to effectively evaluate the use of air ambulance services in Indiana. The prehospital registries also do not collect patient outcome data. The individual hospitals and trauma centers collect this data but the individual data systems are not integrated and have limited capacity for linkage.
 - b. The committee recommends mandatory reporting of the prehospital registry data, which can evaluate air ambulance services in Indiana. The committee also recommends developing a process to educate/train prehospital agencies and report individual's agencies who are not reporting to state. The committee also recommends continued integration of the Indiana State Department of Health Trauma Registry and EMS registry to monitor patient outcomes. The ability to assess use of air medical services requires defined appropriate activation criteria statewide.
2. Develop, adopt, and implement statewide standards for the activation and use of air ambulance services;
 - a. Air medical activation criteria
 - i. A patient has a significant need of equipment or medical personnel for critical care (to prevent or manage ongoing deterioration that is an imminent threat to life, limb or organ) available from air medical transport and which cannot be provided via ground transport
 - ii. A patient has significant potential to require a time-critical intervention and an air medical transport will deliver the patient to an appropriate facility faster than ground transport
 - iii. A patient is located in a geographically isolated area that would make ground transport impossible or greatly delayed
 - iv. Local EMS resources are exceeded or are unavailable to transport to the closest appropriate facility without compromising response to the primary service area. This also includes disaster and mass causality incidents.

- v. Organ and/or organ recipient requires air transport to the transplant center in order to maintain viability of time-critical transplant
- b. Quality Assurance-
 - i. Timely and comprehensive quality assurance program reviewing utilization of air ambulance services
 - ii. Effective feedback loop to prehospital providers on quality assurance outcomes
- c. Medical Director Oversight-
 - i. Standardize protocols for appropriate and safe utilization of air ambulance

Emergency Medical Services Provider Certification Report

Date : May 11, 2018

May 17, 2018

In compliance with the Rules and Regulations for the operation and administration of Emergency Medical Services, this report is respectfully submit to the Commission at the May 17, 2018 Commission meeting, the following report of agencies who have meet the requirements for certification as Emergency Medical Service Providers and their vehicles.

<u>Provider Level</u>	<u>Counts</u>
Rescue Squad Organization	3
Basic Life Support Non-Transport	477
Ambulance Service Provider	95
EMT Basic-Advanced Organization	6
EMT Basic-Advanced Organization non-transport	7
EMT Intermediate Organization	13
EMT Intermediate Organization non-transport	0
Paramedic Organization	198
Paramedic Organization non-transport	19
Rotorcraft Air Ambulance	13
Fixed Wing Air Ambulance	3
Total Count:	834

New Providers Since 01-MAR-18

Attica Volunteer Fire Department

**Basic Certification:
05/04/2018**

**Emergency Medical Services
Provider Certification Report**

Date : May 11, 2018

May 17, 2018

In compliance with the Rules and Regulations for the operation and administration of Emergency Medical Services, this report is respectfully submit to the Commission at the **May 17, 2018** Commission meeting, the following report of agencies who have meet the requirements for certification as Emergency Medical Service Providers and their vehicles.

EATON EMT'S INC.	Paramedic Certification: 03/19/2018
Lowell Volunteer Fire Department Inc.	Basic Certification: 04/19/2018
Pines Fire Department Inc.	Basic Certification: 04/18/2018
Southern Ripley Co Emerg Life Squad (2)	Basic Certification: 04/09/2018
Southern Ripley Co Emerg Life Squad (2)	Paramedic Certification: 04/09/2018

Attempted the exam: Number of graduates that make at least one attempt at the exam.

First attempt pass: Number and percent of those who attempt the exam that pass on the first attempt.

Cumulative pass within 3 attempts: Number and percent of those who attempt the exam who pass on the first, second, or third attempt.

Cumulative pass within 6 attempts: Number and percent of those who attempt the exam who pass on the first, second, third, fourth, fifth, or sixth attempt.

Failed all 6 attempts: Number and percent of those who fail the exam six times.

Eligible for retest: Number and percent of those who failed their last attempt, but remain eligible for retest (less than six attempts, less than two years from course completion.)

Attempted the exam: Number of graduates that make at least one attempt at the exam.

First attempt pass: Number and percent of those who attempt the exam that pass on the first attempt.

Cumulative pass within 3 attempts: Number and percent of those who attempt the exam who pass on the first, second, or third attempt.

Cumulative pass within 6 attempts: Number and percent of those who attempt the exam who pass on the first, second, third, fourth, fifth, or sixth attempt.

Failed all 6 attempts: Number and percent of those who fail the exam six times.

Eligible for retest: Number and percent of those who failed their last attempt, but remain eligible for retest (less than six attempts, less than two years from course completion.)

Did not complete within 2 years: Number and percent of those who fail their last attempt and are no longer eligible for retest (more than two years from course completion.)
