SUBJECT: DWD Policy 2007-16
Transfer of Funding Policy

Purpose

To provide guidance concerning the transferring of Workforce Investment Act Adult and Dislocated Worker allocations

Rescission

DWD Policy 2004-09, Transfer of Funding Policy, dated August 31, 2004

Content

Section 134(b)(4) of the Workforce Investment Act (WIA) and 20 CFR Part 661.420(c) of the WIA Regulations gives local boards "transfer authority" to reallocate up to 30 percent of funds between their WIA Adult and WIA Dislocated Worker allocations. Additionally, the Indiana Department of Workforce Development has been approved for a waiver allowing transfers for up to 100 percent between the Adult and Dislocated Worker allocations from the U. S. Department of Labor. The waiver request from the local board must be approved by the Department of Workforce Development before the transfer takes place.

The transfer authority provides local boards with the flexibility to design programs and allocate resources to meet the needs of adults and dislocated workers in their communities. Approval for transfer of WIA funding will be based on the following criteria:

- Education and/or workforce development services will be improved.
- No group of individuals will be negatively impacted because of the transfer.
- Labor force data supports the transfer.
- Current and future expenditure and enrollment data supports the transfer.

Operational Direction

The Indiana Department of Workforce Development's process for the transfer of adult or dislocated worker WIA allocations is as follows:

- The attached template, Request for Transfer of WIA Funding, must be approved by the local board when requesting transfer of funds.
- Transfer requests must be submitted to: Indiana Department of Workforce Development; ATTN: Director, Program Policy; 10 North Senate Avenue; Indianapolis, IN 46204.
- Appropriate departments within DWD will review the request and make recommendations to approve, modify or deny the request.
- A written decision will be issued in response to each request.
- A grant modification package will be issued if the transfer request is approved.

The attached template, Request for Transfer of WIA Funding, will address the following:

- Name the affected WIA programs and the size and direction of the transfer. For each program, list the funds available as of July 1 of the program year, the funds expended to date, and the projected expenditures through June 30 of the program year.
- Describe the situation that necessitates transferring funds.
- Explain how the program services from the WIA allocation you are transferring from will not be negatively impacted, i.e., how will dislocated workers still be served; and identify companies who have had Rapid Response activity and numbers affected.
- Explain how the program services from the WIA allocation you are transferring to will be positively impacted.

Effective Date: Immediately

Review Date: August 1, 2009
